Task6 - Use a generative AI tool clone your voice

I used Voice.ai application but unfortunately it is not uploading the raw file for my voice.

This is the reason why I could not do this task.

Task7 – Prompt Engineering

Prompt:

Prompt 1: "A sleek interstellar spaceship gliding through a cosmic nebula, bathed in vibrant colors and ethereal light." Negative prompt 1: "Dull and lifeless spaceship drifting aimlessly through a void, devoid of any color or excitement."

Prompt 2: "An enormous alien mothership hovering majestically above a distant planet, surrounded by swirling clouds and sparkling stars." Negative prompt 2: "A malfunctioning and derelict spaceship, barely holding together, abandoned in the cold depths of space."

Prompt 3: "A futuristic star cruiser soaring through a celestial highway, with streaks of intergalactic energy trails illuminating its path." Negative prompt 3: "A malfunctioning spaceship struggling to navigate through treacherous asteroid fields, its systems failing one by one."

Prompt 4: "A fleet of advanced space exploration vessels embarking on a daring mission to unravel the mysteries of a distant galaxy." Negative prompt 4: "A crippled and abandoned spacecraft adrift in the void, its crew lost to the ravages of deep space."

Prompt 5: "A massive interstellar ark sailing through the cosmos, carrying the last remnants of humanity to a new home among the stars." Negative prompt 5: "A damaged and malfunctioning spaceship stranded in an unknown part of the universe, its crew desperate for rescue."

Prompt 6: "A sleek and futuristic space racer zooming through an intergalactic race track, leaving trails of colorful energy in its wake." Negative prompt 6: "A crashed and mangled spaceship lying in ruins on a desolate alien planet, its pilot struggling to survive."

Prompt 7: "A magnificent space battleship engaging in a fierce interstellar conflict, firing powerful energy cannons amidst a cosmic warzone." Negative prompt 7: "A disabled and defenseless spaceship caught in the crossfire of a brutal space battle, its crew trapped and helpless."
